

Bringing the sounds of British contemporary jazz to the waters of the Thames in London, Livett's Launches are proud to present: **Vortex on the Thames**

For one special evening take-in the world famous views of London's skyline aboard one of London's largest beautiful replica paddle steamers. The cruise will feature two of the UK's finest jazz vocalists Liane Carrol and Barb Jungr.

Having picked up just about every British jazz award going in the last few years, **Liane Carrol** has been recognised by critics and fans alike as one of our very finest jazz singers. *'...gigs featuring singers are generally hugely enjoyable, informal affairs, and in Liane Carroll, the tradition finds one of its most skilful exponents. Humorous banter slips imperceptibly into medleys of originals, material by the likes of Leonard Cohen and Tom Waits...'* (Chris Parker).

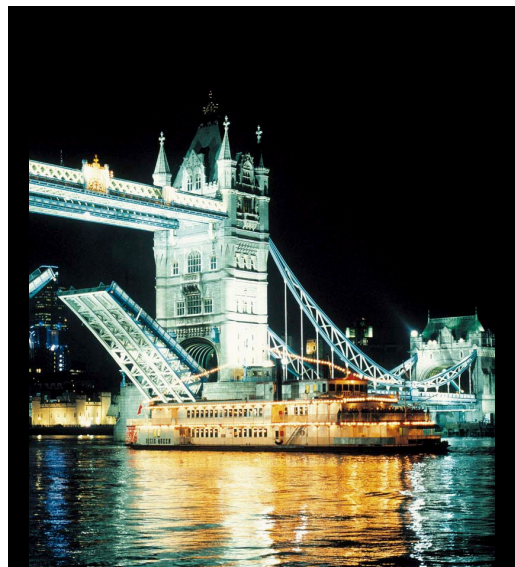

Britain's premier song stylist **Barb Jungr** has just returned from a sellout run at New York's prestigious Cafe Carlyle for which she received rave reviews – *'One of the very best nightclub singers in the world'* (Time Out New York). She returns to play Vortex on the Thames with a stunning programme of songs featuring material from Yip Harburg to Leonard Cohen, Cole Parter to Marc Cohn.

This will be a spectacular evening of jazz in a spectacular setting and will hopefully be the first of many great evenings of music with **Vortex on the Thames**.

50% of the profits will go towards the Vortex Jazz Foundation, the charitable arm of this world renowned jazz club, which was set up to promote jazz in London.
